TERRIBLE FIRE RAGING ON GILA NATIONAL FOREST

Several Hundred Men Work in
Relays to Check Progress
of Flames; Campers Be-
lieved to Have Started Blaze

(SPECIAL DISPATCH TO MORNING JOURNAL)
Silver City, N. M., June 10.—With several hundred men fighting in relays to combat its ravages, one of the largest forest fires ever to attack the Gila national forest is raging on White Lake creek, six miles from the Mogollon gold camp and ninety miles west of here.
The fire is alleged to have started from a fire left burning by a party of campers, wind blowing the embers of the fire into dry underbrush. It gained considerable headway before fire fighters could be sent to the scene from Mogollon. Unable to check the blaze, which is in a fine stand of big timber on the western slope of the Mogollon mountains, an appeal for aid was sent to the supervisor's headquarters here. Supervisor Hugh G. Cal-

kins left at once for the scene by automobile, and on arrival there sent in a call for additional help. He is directing the fire fighters in person. Throughout the day men were hired here by the forest service and sent to the scene in motor trucks and automobiles, a score or more caps being pressed into service. Fire fighters were secured from Tyrone, central and Fort Bayard. Already two thousand acres of timber land has been burned over and the loss will total thousands of dollars.
The region in which the fire is burning is very dry, no rain having fallen for weeks. A high wind is driving the flames rapidly and fear is felt for the safety of the Mogollon camp. So far no loss of life has been reported among ranchers or persons using the forest.

STATE TREASURER GETS REMITTANCES

(SPECIAL CORRESPONDENCE TO MORNING JOURNAL)
Santa Fe, June 10.—County Treasurer Celso Lopez today paid over to the city \$2,669.61, of which \$1,064.55 is for the Santa high school addition; \$255.48 for the redemption of city school bonds; \$11.16 for bridge levy; \$248.76 interest on school bonds; \$320.38 interest on city bonds; \$202.70 for the city schools; \$1,657.50 into the general city fund. To the state treasurer, \$2,940.97 were paid.
State Treasurer O. N. Marron received the following additional remittances: Mora, \$7,821.55; Sandoval, \$2,456.32; Lincoln, \$2,644.12; Colfax, \$2,453.24; Torrance, \$10,206.40; Rio Arriba, \$3,415.08; Roosevelt, \$5,644.73; Union, \$10,349.82.

POPULAR DEMING MAN COMMITTS SUICIDE; NO CAUSE FOR ACT KNOWN

(SPECIAL DISPATCH TO MORNING JOURNAL)
Deming, N. M., June 10.—Charles H. Rice, one of the trusted employees of the Santa Fe car shops here, went to his home on Iron avenue this afternoon and shot his shotgun, the family thought, to clean it. The four children were all at the home of Judge C. C. Fielder, a near neighbor, and Mrs. Rice was in the house alone. Her husband came in and passed into another room. In a few minutes a shot rang out and she discovered him with the top of his head nearly blown off, with the gun beside him.
Rice was a sober, industrious man, and liked by fellow workmen and neighbors.

WAITING-ROOM TO BE ERECTED AT GAGE

(SPECIAL CORRESPONDENCE TO MORNING JOURNAL)
Santa Fe, June 10.—Supt. T. H. Williams of the Southern Pacific today advised the state corporation commission that his company will erect a waiting room at Gage for the accommodation of passengers.
On July 14 the commission will take up with Superintendent Leckwood of the Wells Fargo Express company the creamery rates in New Mexico. Commissioner Groves went to Tucuman yesterday. Commissioner Hugh H. Williams left today and will join Groves at El Paso for a meeting with citizens and Rock Island officials there on Monday.

CZAR'S COHORTS CONTINUE THEIR POWERFUL DRIVE

Russian Fighting Rear Guard
Actions With Austrians as
They Retire; Germans Win
at Verdun.

(BY MORNING JOURNAL SPECIAL LEASED WIRE)
The Russian offensive in Volhynia and Galicia is daily assuming new phases and making new ground won by General Brusiloff's troops.
The Russians are continuing to push westward from Lutsk after crossing the River Styr, fighting rear guard actions with the Austrians as they retire. In Galicia, northeast of Tarnopol, the Austrian defense appears to be stiffening, heavy fighting being reported there for heights which have changed hands several times. Farther south the Russians are nearing the Zlota river, from which the Austrians advanced in their drive of last September.
At Verdun the German war office announces further progress northeast of the fortress, where ground has been gained southwest of Fort Douaumont and west of Fort Vaux. In taking a field work in the latter sector, more than 300 men and twenty-two machine guns were captured by the Germans, who announce that since June 8 their captures have totaled more than 1,500 men.
The cruiser Hampshire, on which Field Marshal Lord Kitchener and members of his staff were lost, was sunk by the explosion of a mine. All hope, the admiralty states, has been abandoned that any except the twelve men who landed from a raft were saved from the cruiser.

GOVERNORS WILL DISCUSS TRADE

(BY MORNING JOURNAL SPECIAL LEASED WIRE)
Salt Lake City, June 10.—America in the world markets is to be the general subject considered by the ninth annual session of the Governors' conference, which is to open here Tuesday, June 21, according to the program announced today by Secretary Miles C. Riley. Among the subjects and speakers announced are: "A Land Settlement Policy" by Gov. H. W. Johnson, of California; "What the South Should Do to Meet the New Conditions Following the Close of the World War" by Gov. Charles Henderson, of Alabama; "The Great Lakes to the Gulf Waterway" by Gov. E. F. Dunne, of Illinois. Other addresses on different phases of the same general subject are to be delivered by Governors Ernest Lister, of Washington; George A. Carlson, of Colorado; James Withycombe, of Oregon, and George W. P. Hunt, of Arizona. Though definite announcement is not made, it is expected that Gov. Samuel W. McCall, of Massachusetts, will be on the program. Gov. Roland H. Spaulding, of New Hamp-

shire, is to respond to the address of welcome by Gov. William Fry, who as chief executive of Utah will act as host to the visitors. Governors of most of the forty-eight states are expected to attend.
"Many of the governors are very much awake to the necessity for the states and the federal government giving legislative aid and encouragement to the work of preparing for the keener competition and less wasteful methods which are to play so important a part in world commerce immediately following the close of the great war," said Secretary

Riley. "Many of them have been watching the rapid, but none the less effective and probably permanent, changes that have taken place in European business methods. They are convinced that America must meet these changes by looking well to some of the fundamental principles underlying the development of resources and business methods of the country, and they feel that in many instances first aid should come from the state governments."

Stomach Troubles and Constipation.
"I will cheerfully say that Chamberlain's Tablets are the most satisfactory remedy for stomach troubles and constipation that I have sold in thirty-four years' drug store service," writes S. H. Murphy, druggist, Wellsburg, N. Y. Obtainable everywhere.
Our stock contains two kinds of corn that, planted now, will mature long before frost—the Creole and the White Australian. They are both just the thing for roasting ears and also good for feeding corn. E. W. FEE.

NEWBRO'S HERPICIDE IN SUMMER

All the ladies know how hard it is to prevent the hot weather from ruining their hair. The perspiration exudes in increased quantities, carrying with it waste, poisonous germ matter, which, unless removed, promptly clogs the pores and irritates the scalp. The difficulty of keeping the hair and scalp sweet and clean in the summer only renders the use of NEWBRO'S HERPICIDE more imperative.

Destroys Dandruff, Keeps The Hair and Scalp Sweet, Clean and Sanitary

There is nothing that will give greater comfort on a hot day than an application of HERPICIDE. It induces a sense of coolness and cleanliness besides imparting health and strength to the hair. One's personal charm and attractiveness is enhanced by the increased gloss and beauty of the hair due to the intelligent use of HERPICIDE, society's best known scalp prophylactic.

If the hair be wet from bathing either in fresh or salt water, HERPICIDE quickly restores the natural fluffiness and softness. It stops itching of the scalp almost instantly. The dainty exquisite odor makes NEWBRO'S HERPICIDE an ideal hot weather hair dressing. When you start away on your summer outing, have a bottle in your grip.

Send ten cents for sample bottle to the HERPICIDE COMPANY, Dept. 140-B, Detroit, Mich.
